LEADERSHIP MENDOCINO

Developing Leaders in Mendocino County

"A community is too heavy for anyone to carry alone."

-Deuteronomy Rabbah 1.10

In an effort to strengthen the foundation of our communities, Leadership Mendocino educates people who want to get involved and make a difference. Once a month over the course of a year, participants gather throughout the region to learn about issues that are important to Mendocino County. A key aspect of participation is the opportunity to connect with community leaders and people with varying backgrounds and interests. Participants learn about community needs and challenges through projects, field trips and open discussions with people who have diverse viewpoints.

Established in 1992, Leadership Mendocino is a program of the Ukiah Foundation for Commerce and Education, a tax-exempt foundation created by the Greater Ukiah Chamber of Commerce, business and non-profit partners. Leadership Mendocino is financially supported by businesses, participants and others who invest in making their community a better place.
